Settle the Farmers Demands- Express solidarity to Peasants Struggle

All India Road Transport Workers' Federation hails the heroic struggle of the Farmers against the retrograde Agricultural Laws and the Privatisation Electricity. AIRTWF Whole heartedly supports the just and genuine demands of the farmers. It welcomes the decision of All India Motor Transport Congress for their support and to go on for Transport Bundh if the demands of the farmers are not met. AIRTWF appeals to all the state committees and Unions across the country to express solidarity to the farmers struggle on 07th December throughout the country.

The agricultural laws passed by the Parliament are not only harmful to farmers but the entire people will face severe food security problem. The privatization of electricity will lead to heaviest burden on the consumers. In essence, the farmers agitation is not for the benefit of the farmers alone. They are fighting for the people and the nation as a whole.

AIRTWF demands the Union Government to settle the demands of the farmers or otherwise the entire transport will be paralysed.
