More than 3.5 crore Transport Workers have participated in the strike

AIRTWF appreciates the Workers

All India Road Transport Workers' Federation appreciates all the Transport Workers for making the General strike on 26th November a grand success. Transport have participated massively across the country. The Police and the Government machinery in several states have resorted to severe repression and arrests. In spite of repression, the workers participated in the strike in a big way. The Auto Rickshaw, Taxi, Private Bus, STU Bus etc services in many states were off the road. Even the Truck operators in several states have stopped the vehicles and expressed solidarity. The Strike in West Bengal, Tripura, Bihar, Odisha, Assam etc are total. It is a bundh like situation in Kerala and in many states.

The peasants and the Agricultural Workers have marched to Delhi in a big way and Rail/Road blockade is observed in many parts of the country. The success of the strike is the reflection of the anger of the working class and the peasantry against the anti-worker, anti-people and anti-national policies of the Modi led NDA Government.

All India Road Transport Workers' Federation demands the Union Government to withdraw the draconian M.V.Act Amendment 2019, the Agricultural Bills, Codification of the Labour Laws, Privatisation and disinvestment of PSUs and put an end to the anti-worker, anti-people, anti-nation policies. Lest it should have to face further intensification of the struggles in the days to come.

(K.K. DIVAKARAN)
