Respected Sir,

We would like to draw your kind attention to the MSRTC workers strike. It is learnt through media that the management of MSRTC has suspended 3,215 permanent employees and 1,226 daily wage workers were terminated. AIRTWF strongly condemns the repressive action of the management of MSRTC and demand to withdraw the victimisation actions forthwith.

The strike of the workers has not started all of a sudden. It is the result of the frustration, serious unrest and anger on the management of MSRTC for not addressing their just and genuine demands over a period of time. In such a situation the workers came out with a demand that MSRTC shall be merged in the Government and they will be treated as State Government employees.

The management of MSRTC instead of resorting the issues amicably, resorted to repression and victimization which is highly condemnable in a democratic set up.

In the light of the above, your good self is requested to intervene, discuss with the Unions and settle the issue.

We hope, you will respond positively.

Yours sincerely

(K.K.DIVAKARAN)
General Secretary
