To,

Dated:30-11-2020

Shri. Dharmendra Pradhan Ji,  
Honorable Minister for Petroleum & Natural Gas,  
Government of India,  
New Delhi.

Respected Sir,

Sub: - Stop increasing prices of Petroleum products &  
Restore 1<sup>st</sup> March prices.

We, the constituent organizations of All India Co-ordination Committee of Road Transport Workers Organisations, AITUC, CITU, LPF, AICCTU, TUCI, TMU, TTSF associated Federations in the Transport Sector strongly condemn the ever increase of petroleum products prices. When the people of the country is facing 2<sup>nd</sup> wave of COVID-19 and struggling a lot for their survival, it is highly deplorable to increase the prices of petroleum products. It is nothing but playing with the lives of the people. You are requested to stop the increase forthwith and restore the prices of 1<sup>st</sup> March 2020.

It is submitted that the Transport industry was in crisis prior to COVID-19. COVID has added fuel to the crisis. The petty owner cum drivers of all modes of transport vehicles are suffering a lot and are not able to meet even the expenditure. Even though the economy has opened, the transport has not yet picked up. The Private Finance companies are forcing for the payment of the vehicle loan instalments. On some Highways, the Toll charges are enhanced during the COVID period. Other expenses also have shot up. The impact of the increase in petroleum

products will have cascading effect on all the essential commodities and the people are burdened heavily.

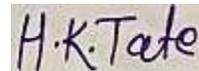

In the light of the above-mentioned facts, your good self is requested to initiate immediate steps to roll back the petroleum products prices and restore to 1<sup>st</sup> March 2020 prices.

Yours Sincerely

(K. K. Divakaran)  
Convenor
