Subject: Solidarity for the proposed nationwide strike action

All India Road Transport Workers' Federation, a Class oriented Organisation affiliated to TUI(T) express solidarity and support to the proposed national strike on 24-11-2024 with the call "Money for Wagers- Education-Health. The Employers all over the Globe are playing with the lives of the workers in different ways to extract more and more profits. The neo liberal Governments are allowing them to do so and extending all out support.

At this juncture, unity is the strength and the struggle is the weapon of the working class to combat the employer's onslaughts. Ultimately the struggles and the workers will be the winners.

It is highly appreciable that the PAME is continuously conducting struggles to defend the rights of the Workers, Employees, Teachers, Students and the People of Greece at large and against the onslaughts of the Employers and the repressive actions of the Government. We once again extend our support and solidarity for the proposed nationwide strike.

Workers of the World unite

Yours Sincerely

General Secretary
